

# A BEAUTIFUL PARAPHRASE.

Our Heavenly Father, hear our prayer;  
Thy name be hallowed everywhere;  
Thy Kingdom come; Thy will be done  
In earth as in heaven, let all fulfill;  
Give this day's bread that we may live;  
Forgive our sins as we forgive;  
Help us temptation to withstand;  
From evil shield us by Thy hand;  
Now and forever, unto Thee,  
The Kingdom, power, glory be. Amen.

**NOT PROFESSIONAL.**—A lawyer of Lowell having found ninety-five dollars and returned the money to the owner, one of the papers says the act may be honest and honorable, but it is exceedingly unprofessional.

**SIX GRANDMOTHERS.**—Amos McNeely, of Elm Grove, Mississippi, writes that he has a grandson four years old, who has six living grandmothers, all of whom are Old School Presbyterians.

**A LASTING PERFUME.**—Among the curiosities shown at Alnwick Castle, in England, is a vase taken from an Egyptian catacomb. It is full of a mixture of gum, resins, etc., which give forth an agreeable odor to the present day, although probably 2000 years old!

**YOUNG PRIMA DONNA.**—Miss Cordier, the young French opera singer, has appeared in New Orleans in Rusini's Barbiere, with decided success. She is but sixteen years old, and is said to be the youngest prima donna that ever sung on the American stage.

**NEW YORK CANAL BOARD.**—The new Canal Board of New York organized on Monday. The addition of the new members of the Board, Lieut. Gov. Campbell and Canal Commissioner Gardner, both black republicans, leaves the political division the same as last year—6 democrats and 3 black republicans.

**TESTIMONIAL TO COM. PERRY.**—The widow of Commodore Perry has just received from China a magnificent silver candelabrum. It was to have been presented by the American residents of that empire to Commodore Perry, as a recognition of his services in the East, but death overtook the brilliant officer before he received this well-merited tribute.

**I tell you, a pastor's labors are no child's play.** I have swung the axe and the grubbing hoe, have handled the plow, the cradle, and the scythe; I have had to work till this stiffened arm bears proof of its severity; but all this work was play, mere play, when compared with the labors of a pastor to this brain-work which wears out the whole man.

DR. PLUMMER.

**NEW ATLANTIC TELEGRAPH.**—The Paris correspondent of the Boston Journal says that in an interview a few days since, with several English capitalists, the Emperor expressed his confidence in the proposed laying of a telegraph cable between France and America, the termination of which is to be the city of Boston. The company is being formed, and the whole affair will be carried into execution as rapidly as possible.

**NO OLD MAIDS IN JAPAN.**—No single women are allowed in Japan. Every man is allowed one legal wife, and as many second wives as his means will allow him to support. The second wives are selected by law from the poorer classes of society, whose relatives are unable to maintain them and the children are all adopted by the legal wife who is the only acknowledged mother. The old rule is therefore reversed in Japan, where, instead of a boy not knowing his own father, hundreds do not know their own mother.

**BOTANY OF CALIFORNIA.**—California has a peculiar botany. The trees are life and yet unlike those of the Atlantic States and Europe. There are oak and pine and spruce and aspen and buckeye trees, but yet any observant man sees at a glance that they differ in many important particulars from the tree known by those names elsewhere. The botanists say that California is a distinct botanical district, and that its vegetation was first produced on its own soil, and has not been derived from, or communicated to, any other continent or botanical district by the course of nature.

**WHEN TO WEAR INDIA RUBBER.**—We have noticed that many persons wear India rubber overboots in cold dry weather, to keep their feet warm. This is an injurious and evil practice. India rubber shoes are very comfortable and convenient for covering the feet during wet and sloppy weather, but they should never be worn on any other occasion; their sole use should be to keep out the water. They should, however, therefore, be put off whenever the wearer enters the house, and be worn as little as possible, because they are air-tight and restrain the perspiration of the feet. The air cannot be excluded from them for any length of time, without sensibly affecting the health. It is our opinion that no habit tends more to good health, than clean feet, and clean dry stockings, so as to allow the free perspiration of the nether extremities.

**ABOUT COFFEE.**—The best mode of roasting, where it is done at home, is to dry it first in an open vessel until its color is slightly changed. This allows the moisture to escape. Then cover it closely and scorch it, keeping up a constant agitation so that no portion of a kernel may be unequally heated. Too low and too slow a heat dries it up without producing the full aromatic flavor; while too great heat dissipates the oily matter and leaves only bitter charred kernels. It should then be taken from the fire and kept closely covered until cold, and further until used. While unroasted coffee improves by age, the roasted berries will very generally lose their aroma if not covered very closely. The ground stuff kept on sale in barrels or boxes, or in papers, is not worthy the name of coffee.

In roasting coffee, if a closed roaster be not at hand, we know of no better method than to put it into a long-handled iron "spider" or old fashioned frying-pan, and turn a tin basin or shallow milk pan closely over it, and then hold it over the fire constantly shaking it. After completing the scorching, keep the tin cover over until perfectly cold, and then transfer it to a vessel with a closely fitting cover. If properly covered it may be kept for several days or even weeks without much deterioration.

Coffee should not be ground until just before using. If ground over night it should be covered; or what is quite as well, put it into the boiler and cover it with cold water. The water not only retains the valuable oil and other aromatic elements, but also prepares it by soaking for immediate boiling in the morning. This is a suggestion we have not seen elsewhere, but we have practiced and can commend it. Finely ground coffee yields a much larger portion of soluble matter than that coarsely ground. It is always better to put coffee into cold water and then heat it, than to pour boiling water upon it. Double the amount of nutriment will be extracted in this way. With an ordinary coffee pot or boiler, coffee should be steeped slowly, and never boil more than three or four minutes at most. Every moment it is boiling a large amount of the flavor is lost by evaporation.

In Chancery.

STATE OF MICHIGAN, The Circuit Court for the County of Ottawa, in Chancery:

At a session of said Court, held at the Court-House, in the village of Grand Haven, in said county, on the 13th day of January, in the year of our Lord one thousand eight hundred and fifty-nine: Present, Hon. Flavius J. Littlejohn, Circuit Judge.

ELIAS W. MERRILL, Isaac D. Merrill, Complainants, vs. Josiah P. Dana, Defendant.

IN this cause it satisfactorily appearing to the Court that the defendant, Josiah P. Dana, is not a resident of this State, on motion of John T. Holmes, of counsel for complainant, it is ORDERED that the said defendant, Josiah P. Dana, cause his appearance in this cause to be entered therein within four months from the date of this order, and that in case of his appearance he cause his answer to the complainant's bill of complaint, to be filed and a copy thereof to be served on the complainant's solicitors, within twenty days after service of a copy of said bill, and notice of this order, and in default thereof that said bill be taken as confessed by the said defendant. And it is further ORDERED that within twenty days the said complainants cause a notice of this order to be published in the Grand Haven News, a public newspaper printed and published in said county, and that the said publication be continued in said paper at least once in each week for six successive weeks, or that said complainants cause a copy of this order to be personally served on the said defendant at least twenty days before the time above provided for his appearance.

Chancery Notice.

THE CIRCUIT COURT for the county of Ottawa, in Chancery: James Wilson, Complainant, vs. Thomas Chapman, Defendant.

STATE OF MICHIGAN, Ninth Judicial Circuit, suit pending in said Court, at Grand Haven, in said county, on the 10th day of December, A. D. 1858, James Wilson, Complainant, vs. Thomas Chapman, Defendant.

IN this cause, the non-residence of the said Thomas Chapman, in the State of Michigan, and showing satisfactorily that he is a resident of the State of Indiana, on motion of Atwood & Akley, solicitors for complainant, ordered that the said Thomas Chapman cause his appearance to be entered within three months from the date of this order, and notice thereof be served upon the complainant's solicitors, and that, in case of his appearance, he cause his answer to said complainant's bill to be filed, and a copy thereof to be served on the said complainant's solicitors, Atwood & Akley, within twenty days after the service of a copy of said bill, or in default thereof that said bill be taken as confessed by him.

And it is further ordered that within twenty days from the date hereof, the complainant cause a copy of this order to be published in the Grand Haven News, once in each week, for six successive weeks, or cause a copy of this order to be personally served upon the said Thomas Chapman, at least twenty days before the time above prescribed for their appearance.
